Global Geopark

UNESCO GLOBAL GEOPARKS 2021

See country index on bottom side of map for site listings.

The boundaries and names shown and the designations used in this map do not imply official endorsement or acceptance by the United Nations.

The designations employed and the presentation of material on this map do not imply the expression of any opinion whatsoever on the part of UNESCO concerning the legal status of any country, territory, city or area or its authorities, or concerning the delimitation of its frontiers or boundaries. Dotted line represents approximately territorial disputes such as the border between Sudan and South Sudan and the Line of Control in Jammu and Kashmir agreed upon by India and Pakistan. The final status of Jammu and Kashmir has not yet been agreed upon by the parties.

The reduced scale of the map and the cartographic projection have resulted in approximate locations of some sites

Land cover data: Tom Patterson, US National Park Services
Map editing, lay-out and text: UNESCO Earth Sciences and Geohazards Risk Reduction Section © UNESCO
Scale: 1 : 70 000 000

UNESCO Global Geoparks – Celebrating Earth Heritage, Sustaining local Communities
